

Science V11/S1: Tools to Weapons

Humans and animals have always used tools. Tools are helpful objects.

The first tools were made using rocks, wood, and fire.

Rock	Wood	Fire	Iron
			

Tools have improved over time. Technology is the changing of tools over time.

Tools were combined to invent other tools.

Arrow	Hammer	Torch	Spear
			

Rock, wood, fire, and iron were combined to make tools like hammers, spears, and arrows. These eventually became weapons like guns, bombs, tanks, and grenades.

Gun	Bomb	Tank	Grenades
